

COCKTAIL MENU

MORE THAN A SUM OF ITS PARTS

A cocktail menu defined by three sections; History, Culture and Balance.

History explores twists on classics that have shaped the cocktail world and captivated the public. Presenting familiar combinations of flavours in new and exciting ways.

Culture delves into the links between the drinks we enjoy and a selection of cultures from across the world. Displaying interesting aspects of specific customs and delightful ingredients from their locations.

Balance examines how a selection of liquids become a cocktail, and why they are truly more than a sum of their parts. You will find both unique methods of creation and new experiences of flavour at the forefront of modern cocktails.
